## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Rowe (US 2002/0198803 A1).

**Re Claim 1:** Rowe discloses a method and apparatus for facilitating monetary and commercial transactions and for providing consumer reward programs comprising

- Depositing value as principal corresponding to a consumed item and;
- Accruing earned value based on the principal and a rate (Page 1; paragraphs 0010-0013; specifically note the American Express Platinum Cash Rebate Cards which gives 2% cash back on purchases)

**Re Claim 2:** Rowe further discloses the steps comprising

- Maintaining an account for a consumer that consumed the consumed item (paragraphs 0023-0027)
- Permitting withdrawal of the earned value based on terms of an agreement for the account (paragraphs 0028-0029)

**Re Claim 3:** Rowe further discloses the steps comprising

- Updating the principal based on one or more deposits of consumed items (Paragraph 0148) and;
- Generating a balance of accrued earned value on a schedule based on the agreement (paragraph 0148)

**Re Claim 4:** Rowe discloses the claimed method supra and further discloses the step wherein the account comprises one or more of a savings consumable account, a certificate of deposit and a mutual consumable fund (Paragraphs 0046-0051).

**Re Claim 5:** Rowe discloses the claimed method supra and further discloses the steps wherein updating the principal comprising one or more of incrementing the principal if a deposit is positive (paragraphs 0142-0148) or decrementing the principal if the deposit is negative (paragraph 0159)

**Re Claim 6:** Rowe further discloses the steps comprising receiving information from one or more suppliers and updating consumer accounts based on the received information (paragraph 0137)

**Re Claim 7:** Rower discloses the claimed method supra and further discloses the steps wherein the information comprising one or more of:

- One or more new rates to replace rates for one or more consumer accounts
- One or more new consumer accounts

- One or more new maturation dates to replace current maturation dates and;
- One or more principals updates to increment or decrement current principals and;
- One or more earned values to increment or decrement current earned values (paragraphs 0137 and paragraph 0159).

**Re Claim 8:** Rowe discloses the claimed method supra and further discloses the steps comprising receiving information from one or more consumers and changing information of one or more accounts based on the received information (paragraph 0163-0164).

**Re Claim 9:** Rowe discloses the claimed method supra and further discloses the steps comprising on or more of

- Transferring principal from a consumer account to another consumer account
- Withdrawing earned value from a consumer account and;
- Changing parameters of a consumer account (Paragraph 0163-0164)

**Re Claim 10:** Rowe further discloses the steps wherein the principal comprising one or a combination of two or more of:

- Value corresponding to consumed items
- A number of times purchases were made
- A number of times a supplier was visited

- A value for consumed items based on a table of values corresponding to items and;
- A value corresponding to an amount spent during a period of time (paragraphs 0010-0013)

**Re Claims 11-20:** Further system claims would have been obvious to perform previously rejected method claims 1-10 respectively and are therefore rejected using the same art and rationale (Also see fig 2A for system layout).
